

## CITY OF LODI

## COUNCIL COMMUNICATION

AGENDA TITLE: Sanitary City Proposed Rate Application

MEETING DATE: March 3, 1993

PREPARED BY: Assistant City Manager

RECOMMENDED ACTION: The City Council schedule a public hearing to solicit citizens' input and consider the request from Sanitary City Disposal Company for a rate increase, effective April 1993.

BACKGROUND: Last year, Sanitary City Disposal Company presented the City Council with two options for rates for refuse collection. The first was a rate that would be effective in October 1992 and would be in effect until April 1994. The second was a two-tiered rate - one increase in October 1992 and another in 1993.

At that time, Council opted for the two-tiered rate so that when the second increase would be put in place, we would be dealing with actual numbers of customers and the type service provided. Sanitary City Disposal then told us the April 1993 increase could be as much as 31%.

The request is for a 19.5% increase in projected revenues, either to be applied across the board, or placing a greater burden on one segment of the community over another.

Staff received this request on Monday, February 22, 1993 and is in the process of reviewing the data and will have a more complete analysis at the March 17, 1993 Council meeting.

FUNDING: Unknown.

Respectfully submitted,

Jerry L. Glenn  
Assistant City Manager
